6-4-3 CHARTS®

6-4-3 CHARTS SYNC KEY

PLATE DISCIPLINE

ZONE%	-% of Pitches seen within the zone
HEART%	-% of Pitches seen within the heart of the plate
SHADOW%	-% of Pitches seen within the shadow zone
Z-SWING%	-Total swings on pitches inside the zone/Total pitches inside the zone
Z-CONTACT%	-Total pitches on which contact was made inside the zone/Total swings on pitches inside the zone
CHASE%	-Total pitches swung at outside the zone/Total pitches seen outside the zone
SWING%	-% of Total pitches swung at
WHIFF%	-Total swing-and-misses/Total swings
F-SWING%	-Total swings on first pitch of plate appearances/ Total first pitches
PUT-AWAY%	-Total whiffs+called strikes in 2-strike counts/ Total 2 strike pitches

PITCH TYPES

FA	Fastball	**CU**	Curveball
FC	Cutter	**FS**	Splitter
SI	Sinker	**CH**	Changup
SL	Slider	**KN**	Knuckleball

UMPIRE REPORTS

CALLED PITCHES	-Total Number of Called Pitches
STRIKE RATE	-Total Pitches in Strike Zone/Total Pitches
K ACC	-Called Strike Accuracy
B ACC	-Called Ball Accuracy
WTD ACC	-Weighted Accuracy

PITCH DESCRIPTION

EV	-Exit Velocity
MAX EV	-Max Exit Velocity
LA	-Launch Angle
SPIN RATE	-Raw Pitch Spin Rate
SPIN AXIS	-Pitch Spin Axis (in degrees)
HH%	-Hard Hit %
iVB	-Induced Vertical Break: distance between where the pitch actually crosses the front of home plate (height) and where it would have crossed if it had traveled in a perfectly straight line from release, but affected by gravity
HB	-Horizontal Break: distance between where the pitch actually crosses the front of home plate (sidewise) and where it would have crossed if it had traveled in a perfectly straight line from release
VERT APPR	-Vertical Approach Angle: How flat or steep pitch is
HORZ APPR	-Horizontal Approach Angle: horizontal angle formed by the intersections of the y-axis and the ball's path in the x-direction as it crosses the front of home plate

PITCH SEQUENCING

DOUBLE UP	-% of time same pitch is being thrown back-to-back
TWO K	-% of time a pitch is thrown with 2 strikes
AFTER K	-% of time pitch is thrown after previous pitch is a strike
AFTER B	-% of time pitch is thrown after previous pitch is a ball

DEFENSE

INFIELD SHIFTS

RIGHT	3 Infielders on right side of second base
LEFT	3 Infielders on left side of second base
STRATEGIC	At least 1 infielder is shifted to a non-traditional position

OUTFIELD SHIFTS

FULL RIGHT	All 3 outfielders are shifted towards right field line
PARTIAL RIGHT	2 of 3 outfielders are shifted towards right field line
FULL LEFT	All 3 outfielders are shifted towards left field line
PARTIAL LEFT	2 of the 3 outfielders are shifted towards left field line
NO DOUBLES	All 3 outfielders are shifted backwards
STRATEGIC	At least 1 outfielder is shifted in a non-traditional way
